Re: Additional Information Relating to an RFI

To whom it may concern:

I am supplying additional information relating to a previously filed RFI dated 5/15/18. Please see the attached copy, exhibit 1.

On May 21, 2018, my attorney filed suit against 'Concerned Citizens of Belleville,' and various other fictitious names. Please see the attached, exhibit 2.

On June 6, 2018, my attorney served 'Full Service Mailers' with a subpoena compelling them to turn over all information relating to the two mailers in question. Please see the attached, exhibit 3.

On, June 20, 2018, Full Service Mailers complied and produced documentation relating to the two mailers in question. Please see the attached, exhibit 4.

You will see overwhelming evidence that the mailers in question were ordered and paid for by my opponent in the race, Mayor Raymond Kimble. You will find checks written from his campaign account, signed by his wife the treasurer.

In my opinion, more importantly, the main conduit for this activity was a man named, Thomas Grolimond. Therefore, I believe Mr. Grolimond should also be held accountable. Mr. Grolimond is a current Belleville Board of Education Trustee. Mr. Grolimond is therefore knowledgeable of NJ ELEC regulations. Also, as a Belleville BOE Trustee, he is completely aware that the accusations made against Mrs. Naomi DePena, a former Belleville School teacher, were completely and totally false. Mrs. DePena was NEVER fired from the Belleville School District, and while employed by the District, she was perfectly qualified to hold her position.

Please know, the current Mayor, who I defeated in this election, is not someone we are interested in pursuing. His wife, who served as the treasurer of his campaign, is a lovely woman who I'm sure had no idea she was signing checks for illegal mailers. I am not interested in pursuing any additional charges against them. Rather, I would like to pursue charges against Mr. Grolimond. To that end, my attorney will certainly be filing civil charges against him for defamation and libel. I also ask and would hope he will be held accountable by NJ ELEC.

Sincerely,

Michael Melham
